Redefine Outdoor Living With Altis

Engineered Elegance. Built to Endure.

Precision Louvers for Sun Control

Adjust sunlight with a simple touch. Stay shaded during peak hours or let light in during cooler moments total flexibility at your fingertips.

Fully Weatherproof, Rust-Free Roof

Made from corrosion-resistant materials, the Altis roof structure is tested to endure rain, moisture, and the elements year-round without compromise.

Retractable Privacy Screens

Optional side shades provide adjustable seclusion and extra UV protection, creating a space that's private, cool, and always comfortable.

Ambient LED Integration

Add optional, integrated LED lighting to set the mood for evenings perfect for dinners, celebrations, or quiet downtime.

Heavy-Duty Build Quality

Crafted with aerospace-grade 6063-T5 aluminum and reinforced with precision-engineered fixtures for long-term performance without warping.

Wind Rated to 120 MPH

Certified to withstand extreme weather and high-velocity winds ideal for rooftops, open lawns, and coastal climates.

Strength You Can Stand On. Literally.

At Altis, we engineer more than shade, we engineer trust.

Our premium aluminum pergolas are tested to hold the weight of a 5000-pound truck. Built with reinforced baseplates, thickened poles, and high-gauge louvers, every Altis structure stands for unmatched durability and architectural integrity.

Military-Grade Aluminum

Extra Thick Baseplates

Heavy-Duty Louvers

Engineered for 5x Strength

Endless Possibilities, One Pergola

The image shows a modern manual pergola, the Altis model, installed on a rooftop terrace. The pergola has a dark frame and a slatted roof with integrated linear lighting. A hand-crank system is visible on the right side. The terrace is furnished with two round wicker armchairs and a low wooden coffee table. Several potted plants are placed around the seating area. In the background, a city skyline is visible across a body of water under a warm, orange-hued sky, suggesting a sunset or sunrise scene.

ALTIS

Altis Manual Pergola

Elegant Design, Effortless Control

The Altis Manual Pergola combines timeless design with simple functionality. Featuring a durable hand-crank system, it offers shade and ventilation at your command. Perfect for rooftops, gardens, and patios, this pergola is built to withstand Indian weather while adding a touch of luxury to everyday living.

The Perfect Balance of Design & Simplicity

Effortless Manual Control

Enjoy the outdoors your way with our easy-to-use manual crank system. Adjust the louvers smoothly to let in sunlight, create shade, or protect from light rain — all with a simple hand movement. No electricity needed, just pure mechanical elegance.

Precision-Built Louvers

Crafted with high-grade aluminum, our louvers are designed for strength, weather resistance, and long-lasting durability. Rain or shine, they keep your outdoor space comfortable while maintaining a sleek, modern look.

Maintenance-Free Durability

With no motorized parts, the Altis Manual Pergola offers worry-free operation and minimal upkeep. Built for Indian climates, it resists rust, fading, and warping — ensuring it looks and performs beautifully year after year.

Cost-Effective, High-Quality Shade

Get the premium Altis design and performance without the cost of motorization. Perfect for homeowners who want style, functionality, and lasting quality — all at a budget-friendly price point.

ALTIS MANUAL PERGOLA

Aluminium waterproof blades, Stronger and better.

Altis Motorized Pergola

Smart Luxury, One-Touch Living

The Altis Motorized Pergola redefines outdoor comfort with fully automated adjustable louvers. At the touch of a button, control sunlight, airflow, and rain protection seamlessly. Crafted with precision engineering and a sleek finish, it's designed for those who demand the ultimate in convenience, performance, and premium outdoor living.

The Most Advanced Pergola, Built for the Indian Outdoors

Smart Remote-Controlled Roof

Take complete control of your outdoor living space with Altis Motorized Pergolas. Open or close the louvers instantly to let in the sunlight, create shade, or protect from rain — all at the touch of a button. Designed for effortless living, our roof system adapts to every mood and every season.

Integrated Ambient LED Lighting

Transform your evenings with soft, energy-efficient LED lighting built right into the pergola frame. Perfect for intimate dinners, relaxed evenings, or late-night gatherings — your outdoor space stays beautifully illuminated, without the need for extra fixtures.

Weather-Sealed Louvers

Engineered for Indian climates, our precision-fit louver system keeps rain out and shade in. Built with high-grade aluminum, the pergola offers year-round durability, resisting rust, fading, and warping — ensuring your investment stays stunning for years.

Silent, High-Performance Motor

Experience unmatched quiet with our next-generation motor technology. Powerful enough to move the louvers with precision, yet silent enough to keep the peace — ensuring uninterrupted comfort in your outdoor sanctuary.

Assemble Your Altis Pergola in Just 2-4 Hours

Or let our trusted installers do it for you professionally fitted at a fraction of the local market cost.

Step 1 – Secure the Base Plates

Anchor the base plates to your foundation and fix the vertical posts with two structural screws.

Step 2 – Connect & Raise the Frame

Attach horizontal beams to the vertical posts and carefully raise the structure with 2-3 people.

Step 3 – Fit the Rainwater Gutters

Slide and secure all four integrated gutter channels for a sleek, leak-proof finish.

Step 4 – Install the Motor & Louvers

Mount the motor housing and align the aluminum louvers. Plug in the power unit for automated control.

Step 5 – Final Touches & Testing

Snap on end-caps, run a functionality check, and enjoy your fully assembled, weatherproof pergola.

Instant Shade, Lasting Comfort

Effortless retractable design with
all-weather protection.

ALTIS AWNING

NEW: Smart Series Aluminium Pergola

India's Most Anticipated Premium Pergola System

Crafted for comfort. Designed to impress.

Altis brings a new era of outdoor living where engineering precision meets timeless design. Whether it's your terrace, garden, or poolside, this is where your best moments begin.

🏠 Backed by 30+ years of manufacturing expertise

🔧 Delivered as ready-to-install kits

🏡 Built for Indian homes and weather

Premium Shade. Smarter Living.

Altis awnings are built to transform the way you use your outdoor spaces — combining sleek European design with Indian durability.

Crafted with high-grade aluminium frames and UV-resistant fabrics, every Altis awning offers long-lasting protection from sun and rain, engineered for Indian weather.

1. Up to 3x higher quality for the price compared to alternatives.
2. A 10-year structural warranty you can trust.
3. The perfect balance of performance, style, and affordability.

Transform Your Outdoors with Altis Awnings

1. Heavy-Duty Build for Indian Weather

Built with premium aluminium and UV-resistant fabrics, Altis Awnings withstand scorching summers, monsoon rains, and year-round outdoor use.

2. Effortless Operation

Choose between manual crank control or motorized remote control. Smooth, durable mechanisms designed for long-term ease.

3. Long-Term Warranty

Backed with up to 10 years of warranty, Altis Awnings give you peace of mind with quality that lasts.

4. Energy Savings & Comfort

By shading windows, Altis Awnings reduce indoor heat by up to 30%, lowering AC costs and creating cooler, more comfortable spaces.
